"Leash" Problem to Appear On City Ballot Next Month

Albany voters will decide on April 11 whether dogs are to be leashed in public places or allowed to run as at present, the City Council proposed Monday night as it passed by 3-2 action a resolution to place the controversial problem in the hands of the electorate.

The action was opposed by Councilman Frank Hays and Benjamin W. Mowday, who branded the subjects "too trivial to put before the people." Mowday added that "if members of the council are not capable of making such decisions they should resign."

Passage of the proposal was defended by Mayor O. C. Yenne, who with Councilmen Vincent Hanahan and George Batchelder advocated it as "giving the people a chance to decide a controversial matter."

Criticism of the council's action was also voiced by Irving M. Liner, attorney and judicial candidate, who stated: "I think matters involving police power should not be delegated away from the council. If you feel that dogs should be leashed, take the responsibility on yourselves of passing such a law."

He also pointed out that an election will be necessary to amend the ordinance if it is passed next month.

GIVE PERMISSION.
By the same 3-2 vote, the council decided to allow the Chamber of Commerce and the Traffic Safety Commission use of the City Hall as a meeting place. The permission given, however, is only temporary and will be subject to regulations yet to be drawn up, it was said.

Councilmen Hays and Mowday voted against the plan, characterizing it as "setting a bad precedent."

Diagonal parking on San Pablo, between Marin and Washington Avenues, was ordered, to become effective as soon as the necessary lines are painted.

The sum of \$120 was allowed City Engineer H. I. Dygert for repairing the firehouse building. Plans to install an overhead front door and to remove the fire tower, were referred to the finance committee for consideration, BAN FERRY DEAL.

The council voted unanimously to pass a resolution opposing State purchase of the San Francisco Bay area ferries. Copies are to be sent to all city councils in the East Bay, and to State and national legislators.

In a report on the session held last week in San Francisco to consider the matter, Councilman Batchelder said the representatives were given a lengthy summary and asked to approve the plan immediately. The meeting adjourned without action, he said.

A letter was ordered sent to the West Coast Manufacturing Company, owner of a large tract of property in the northwest part of the city, asking permission for the Recreation Department to use the land as an archery field.

Assurance was given W. E. Woolworth, painting contractor of 825 Madison Street, that he will be allowed to place benches about the city for the use of persons waiting for trains or buses. The council is to take the necessary action next week.

The general committee under the direction of James Sartain is moving at "full speed" on plans for the annual smoker on March 18, according to word from Walter Holland, capable publicity chairman of Albany Post No. 202, American Legion.

It is promised that this year's affair will far surpass the other shows. Proof of this is given in the statement that sponsors are asking to have their allotments increased this year.

Sound films of the national committee will be shown tonight at the regular meeting, says Sartain. This is said to be one of the finest pictorial records of the New York gathering.

Group Okehs Aspirants to City Offices

"After due consideration, unanimous approval and endorsement has been given by the United Citizens' League to the following candidates for local offices," the announcement made yesterday by R. E. McCullough, secretary of the group.

Named were: Benjamin F. Mowday and Frank V. Hays, for City Council; Sergeant Charles Hardie, for Chief of Police, and Irving M. Liner, for City Judge.

Endorsement of candidates for City Attorney and for the School Board is still to be determined, the secretary said.

Meetings of the United Citizen's League have been held in the past week at the home of members to discuss and formulate ideals and purposes. "One of the paramount issues discussed," said McCullough, "was the necessity of having a clean government free from the domination of a selfish individual or small groups of individuals. This, we believe, is not the case at present in Albany."

"To carry out these ideals, all persons who have announced their candidacy to date were fully discussed and their qualifications considered before we made our decisions. We invite all voters who approve the ideals and purposes of the United Citizens' League to join with us in the fight to clean house in our city and we urge the support of the endorsed candidates."

Mothers Seeking Place to Meet

'Cause the Scouting Mothers' Club of Troop No. 12 has attained such a large membership, now 18 members, it has become inconvenient to meet at the members' homes so the president, Mrs. Donald Adams, is endeavoring to secure a meeting place.

The date of the next meeting has been set for next Wednesday evening at 7:30 o'clock. At that time arrangements for obtaining scout equipment bags will be discussed. Those desiring further details are asked to call Thornwall 2161.

The recent card party, held at the home of the vice president, Mrs. W. Wilson, 1317 Washington Avenue, was declared a decided success. Forty persons attended and \$13.00 was netted.

Hays, Mowday In Race For City Council

In a joint announcement made public yesterday, Frank V. Hays and Benjamin W. Mowday, incumbent councilmen stated they are candidates to succeed themselves on the City Council at the election to be held here April 11.

Both are taxpayers and property owners, have been residents of Albany for 14 and 18 years, respectively. Each has served on the council for the past eight years.

Their statement read as follows: "We solicit your inspection of our records for honesty and efficiency conducting the City's business without dictation from any political group or clique. We have always had the fortitude to take an open stand in all matters brought before the council and have not had to be told by a one-man rule how to vote on any issue."

"We do not believe in loading the city payroll with a group of political incompetents. If these qualifications appeal to you and you return us to office, we pledge ourselves to continue to function in a way to promote an honest, clean city government that will make you proud to say you live in Albany."

"We therefore solicit your support at the coming election to be held April 11. Be sure to exercise your prerogative and register your desire at the polls on the above date."

In order to make the acquaintance of local residents, Creighton is offering many specials for this week-end.

A fast, courteous delivery service has already been established for those who prefer to telephone their orders, it was learned.

He and Mrs. Creighton, long residents of the East Bay, are at present making their home in Oakland but plan to move here soon, they declare. Both plan to take an active part in local business and social activities.

No trace of the man was found by police who were notified by the parents. A third child, Stanley, Jr., was also asleep in an adjoining room.

Basketball Play Resumes March 11

Play in the Albany Basketball League will be resumed next Friday evening, March 11, on the Y. M. C. A. basketball court. Due to repairs being made on the building, the league was forced to temporarily postpone completion of the schedule.

When the six teams, the Wolf Motors, Albany Recreation Department, Albany Teachers, Olson Drugs, Y. M. C. A. and Presbyterian Church, resume their contest, a faster game should be the result as the floor of the court has been sanded, varnished and the lines have been repainted.

Starting at 7 o'clock every Friday evening, three games will be played until the finish of the first round. At present the Olson Drug quintet is leading the circuit.

Merchants, Department Make Plans for 2nd Baseball Day

Jurist Lauds Enforcement

Enforcement by police departments was described as one of the most effective means of preventing traffic accidents, by Judge Chris B. Fox of Oakland, guest speaker at the meeting Friday night of the Albany Traffic Safety Commission.

The speaker also lauded departments that are now using accident investigation details for every accident investigator how slight. The officers check each crash with the view that a law violation has been the cause, often issuing citations on the scene, he declared.

Judge Fox also praised the dissemination of safety education material to the public by traffic safety groups such as that active in this city. He was introduced by Carl Nieper, local businessman.

The Traffic Safety Commission also announced a contest for those observing acts of courtesy in Albany traffic. Letters are to be limited to 500 words and are mailed to the Safety Zone, publication of the group. William Green is contest chairman.

A proposal to make Key Route Boulevard, north of Solano Avenue, a one-way street on the east and west sides, was referred to City Engineer H. I. Dygert. Sponsor of the plan was Theodore Tronoff, local surveyor.

President A. L. Ford was in charge of the session, held in Recreation Center on Masonic Avenue.

Albany Theatre Bill Features George O'Brien

Featuring George O'Brien in "Windjammer", a thrilling sea story in which the stalwart actor is at his best, the Albany Theatre is currently offering a fine double bill program. The second film is "Fire Over England", a picture of the Spanish Armada in colorful action.

A newsreel and a varied selection of short features complete the bill.

Sunday and Monday the Albany will present an all-comedy cast in "Marry the Girl" and Donald Wood in "Talent Scout." Several short films will also be shown.

Albany patrons have acclaimed the Derby Night feature that is presented Saturday and Sunday nights, reports John Kessler, manager of the theater, "All the thrills and fun of actual racing are present in this event which started last week-end," he declared.

Merchants End Season With Two Losses Sunday

Dropping two games Sunday, the Albany Merchants completed their performance in the second half of the Berkeley City League with four wins and three losses chalked up against them. The team had finished in second place in the first half.

The first defeat came in the morning game with the Orinda Reds by a score of 10-4. The locals started off with a bang, scored four runs in the first inning but were unable to cope with the hurling of Edwards, relief pitcher, from then on.

George, Eppson and Burnett took the mound for Albany and allowed 12 hits. For the losers Wilkins and Nora hit two each and Kiley made a double. In the afternoon tilt with Mickey's Toscanelli, Albany took an 8-4 trouncing. Burnett, Archart and Nora shared pitching labors for the defeated nine. Souza, Merchant catcher, hit two, one of which was a double.

The next public appearance of the Merchants, announces Manager Jake Nora, will be on March 13, "Baseball Day", when the team will meet Louis Griffing's Braun Mattresses in the all-day session of sport.

Merchants Are Thanked

Mrs. Jewel Rubenstein, on behalf of the Scouting Mothers of Troop No. 46, extends thanks to the Albany merchants who generously contributed prizes and assisted in making their recent card party a success.

Two of the Albany Recreation Department's major recreational activities of the 1938 calendar will be staged in University Park over the week-end, March 12 and 13. These are Kite Day, scheduled for Saturday morning, March 13, and the second annual Baseball Day, scheduled for Sunday, March 13.

It is predicted by local department heads, who are cooperating with the Merchants of Albany in arranging the event, that the 1938 Baseball Day will set a new record for attendance in University Park. Last year's first annual event, inaugurated to attract attention to Albany as a baseball-minded community, set a new record for the park with a recorded attendance of over 3,000.

Starting at 10 a. m., the softball team composed of men recreation leaders of the Federal Recreation Project, under the leadership of Darwin Walton, Marin School playground leader, will meet an unnamed double "A" softball team on the University field.

Simultaneously with this event, the Marin Dads nine-inch softball team is scheduled to battle it out with a strong opponent—probably another Dads Club squad, on the baseball diamond.

Immediately following the two softball contests, Al Collins' St. Mary's High School varsity entertains a team composed of local former Albany High School baseball stars gathered together by Coach Kelly Bryan. St. Mary's first appearance in Albany in the 1938 season was against the local high school on the Memorial Park field, and judging from the reports of the performance in the game, the opponent on Baseball Day will have to hustle to win.

The main feature of the day's activities will be a game between the Braun Mattresses and the Albany Merchants. This contest could be classed as a small "civil war", as the rival pilots—Louie Griffing and Jake Nora—two well known local sportsmen, and their squads are composed mostly of Albany baseball players.

Prior to the final feature game, contests in base running, throwing and hitting, between chosen members of each squad playing during the day, will take place. Prizes for the contests have been donated by local merchants, as have the refreshments and eats to be distributed during the day.

The committee in charge of arrangements for the day is: Bill Green, Louie Griffing, Charles Ham, Jake Nora, Kelly Bryan, Edwin S. Howell, Al Collins and George Sutton.

The entire personnel of the Recreation Department will be on hand at the park to handle the crowd and to assist in running off the events.

In the second major event of the week-end, Kite Day, at least 150 entrants are expected to participate in the various kite contests, scheduled to start at 10 a. m. next Saturday.

Sam Patterson, leader at Memorial Park, and Margot Lochhead, regular handicraft expert of the local department, are making the rounds of the parks and playgrounds teaching the children the fundamentals of kite-making and will be in charge of running off the events. The two will operate a kite "hospital" and act as "M.D.s" for kites coming to grief as the day.

Fifteen model cellophane kites are being made and the winners will have their choice as prizes.

Troops to Visit Pinecrest Sunday

Winter sports at Pinecrest are being eagerly awaited by Boy Scouts of Troop No. 45 and No. 46, according to Jack Rubenstein, scoutmaster of the latter, who announced that a large group of boys and committeemen will leave on the trip next Sunday.

They will meet on the corner of Marin and San Pablo Avenues at 4 o'clock in the morning and proceed in a van of cars. Among those expected to accompany the boys are George Rutan, Ira Stewart, A. C. Tyler, John Jungnickel, C. A. McGaw, William Brown, Everett Coe and Theodore Tronoff.

Mr. and Mrs. L. Roberts, Mrs. Milton Haines and daughters, Ethel and Helen; Mr. and Mrs. J. R. Platt and children, Jerry and Betty, and Tony Letto were among those enjoyed the snow at Long Barn last Sunday.

MARIN SCHOOL NEWS

Miss Lewis is helping her students with posters for the following contests: Kind Deeds, Poppy, New York Fair, Dental and Peace. The latter were sent to Philadelphia last Friday to be entered in the national contest.

Miss Brubaker's room is also making posters.

Miss Lemmon's high seventh classes are making geometric designs.

Mr. Rudd's home room is working on an interesting project, a "time line", showing changes from the beginning of time up to 1938.

WILLING WORKERS

It is a fine lot of boys that are cleaning Marin School yard when it is cluttered up with paper. They are willing to go out whenever they are asked. On the clean-up committee are: Donald Young, Milton Holland, Bobby Pearl, Bobby Rector, Duncan McGregor, Richard Bertz, Richard Gotch and some other boys out of Miss Lemmon's room.

SCHOOL DAYS FOR A DOG

When a dog comes to school and goes all around, there is usually a bit of excitement. Such was the case Monday when Larry Foye's dog came to school. The dog had gone away Sunday night and Monday morning turned up in the school yard. With the assistance of Mr. Holland and some rope the dog was finally taken home.

JANITOR RETURNS

Marin School is glad to see A. L. Lindquist, its oldest janitor, back on the job again. Mr. Lindquist came to Albany in 1906, served on the Board of Education for 12 years and has been with the school since 1922.

an absence of four months caused by an absence of four months caused by an accident.

HISTORY OF CALIFORNIA

The low fourth grade of Miss Malik's room is studying the history of California. Among the interesting pieces of work made by the class is a clay miniature of Carmel Mission. A mural made with colored chalk tells the State's history. Later the students will give a play in pantomime.

BIRD STUDY

The low and high third grades of Miss Brouchoud's room are studying birds and have made silhouettes of birds on colored paper. Nancy Hewetson found a sparrow on the grass and brought it to school. The children had it on the desk but it spied the window and flew away.

JUNIOR TRAFFIC POLICE

The Junior Traffic Police of Marin School have been working to safeguard the children going to and from school. The boys on this squad have always been very capable on their jobs, this accounts for the reason that there have been only two minor accidents in the past seven years.

They work very hard but are often rewarded with parties and picnics. The slogan of the Junior Police is, "Rain or shine, we're always on time".

ROOM GAMES

Miss McCann's high seventh room won the first room banner this season. The girls are still in fighting spirit and hope to win every banner from now on. They are looking forward to some good competition from Mr. Rudd's room because his team missed winning one of the banners by one game.

On the winning team are: Captain

On February 25, at the Veterans Memorial Building, the Albany High Girls' League held an assembly for girls only. The theme of the assembly was "Personality and Co-etiquette".

The program made up and directed by the pupils, consisted of several numbers. Talks were given by Florence Glenn, Barbara Smith, Marcella McClellan, and Miss Gilson, girls' counselor. A few piano selections were given by Blanche Regalia and two playlets entitled, "It's Against the Law" and "Etiquette in the Business World".

Those taking part were, Lavon Winsor, Betty McPherson, Marjorie Meredith, Margaret Hays, Phyllis Atkinson, and Doris Dutrow. Vincensina De Biasi acted as mistress of ceremonies.

SERVICE CLUB

A new club was started at Albany High called the Service Club which includes seventy-five girls who spend at least forty minutes a day assisting in the office, hall duty, or helping teachers. Pearl Sanchez was elected president and the girls plan to establish a standard for assisting politely and courteously.

SENIOR HONOR SOCIETY

The Senior Honor Society held its second meeting of the term on Thursday, February 25. Many new members were selected and it is now one of the fastest growing clubs at the school. Each member is chosen by a merit system asking at least two A's and B's for their term mark and a record of service. Committees were chosen for the coming year. It was also announced that the society has entered the California Scholarship Federation.

NETMEN START SEASON

This afternoon Albany High School makes its debut in the A. C. A. L. Tennis League by meeting Hayward here at 3:30 o'clock. Last year Albany played in the S. A. C. A. L., where they emerged the champions. Some of the schools that Albany will meet in the new league are: Piedmont, Richmond, Berkeley, and others. The A. C. A. L. is divided into two rounds and all matches will be divided, with five single and two doubles matches scheduled for the entries.

BASEBALL STARTS HERE

The 1938 practice baseball season was inaugurated last Thursday at Albany when Kelly Bryan's nine outslugged the St. Mary's boys. Over seven practice games are scheduled before the first league game on April 1. This afternoon the Cougars and University High of Oakland will have a battle royal at the local diamond.

Mrs. Daisy Olafson was hostess to the sewing club of Albany Parlor, No. 260, N. D. G. W. last Tuesday evening when they met at her home, 727 Adams Street. The next meeting will take place at Mrs. Hazelette Taylor's residence, 920 Pomona Avenue, on Tuesday evening, March 15.

ABOUT FACE

The shadow of Leon Trotsky hovered over Moscow's massive Kremlin walls recently when Joseph Stalin performed one of the most surprising about-faces of his career. It was Stalin's powerful political machine which steam-rolled Trotsky into exile a decade ago for advocating world revolution. Now apparently that Stalin finds himself more solidly entrenched in power than ever, his enemies successfully "purged," Russia armed to the teeth, and ready to start building the "world's greatest navy," he, too, can proclaim the doctrine of world revolution in no uncertain terms. In blunt words, he announced the "duty" of workers everywhere to be that of rallying to the support of the nation he rules in time of possible attack by enemies from without. Whether he realized it or not, Stalin's message gave the greatest comfort to his greatest enemies—Japan and Germany, who have long asserted that Moscow was pledged to a policy of world revolution.

Considerably tempered by some of the uses to which it was put by some overly optimistic elements in its ranks—who undoubtedly thought they saw the red dawn of revolution glowing behind yonder hill—Labor is this year displaying more temperateness and less temperature. There is evidence that round-table parleys and face-to-face discussions between employers and workers in the big industries are gaining ground as the first intelligent step in settling points of dispute. United States Steel and the CIO have successfully negotiated another contract between themselves. A similar contract appears to be in the making between the General Electric Company and the CIO. Thus far the conference table is leading over picket-lines!

SERVANT PROBLEM

"No entangling alliances!" has long been America's rallying cry. Since the Japanese juggernaut began sweeping across China in its newest drive for supremacy in the Orient, that cry has become more vehement. In answer to that demand, and to remove endangering sources of friction, the Fifteenth American Infantry is now being called home from China to take up its duties on American soil at Ft. Lewis, Wash. But hearts in the ranks of the Fifteenth Infantry are sad today, however relieved many Americans will be. Life for the doughboy in Tientsin has been a comparatively pleasant bed of roses. Most enlisted men had a servant, for two or three dollars a month, to shine shoes, boots, buttons, clean rifles, and run errands. Ft. Lewis may be a nice place, as all that, but there the doughboy will call in vain, "Hey, boy, shine these boots and make it snappy!"

Company Has Fine Record Of Car Sales

A national drive to sweep the American automobile industry out of the current recession and stimulate American business generally was announced today by Alvan Macauley, speaking for every American automobile manufacturer and the nation's 46,000 automobile dealers.

The campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the White House between President Roosevelt and leaders of the automobile industry, Macauley said. The President has been advised of plans for the campaign, which is the first co-operative effort ever undertaken in which all American automobile manufacturers have taken part.

The campaign is timed at the outset of the spring selling season when both new and used cars usually begin to move in greatest volume, Macauley said. It is aimed primarily at stimulating the disposal of used car stock now in dealer hands. Once this is accomplished, a substantial increase in car manufacturing schedules and employment of wage earners in the automobile factories is anticipated.

The primary purpose of the campaign, he said, is to make known to prospective owners the remarkable used car values which now are being offered by local automobile dealers.

"The present situation has resulted in the best used car values in the country's history. We are confident that used car stocks will be reduced sharply as soon as the public becomes aware of that fact," he added.

"Too many unsafe, wornout, unreliable cars, without modern safety brakes, safety glass, large tires and steel bodies, are in operation today," he continued. "Too many are costly to operate. Eleven million cars seven years old or older are licensed for operation throughout the country."

"Many of these cars can be replaced during National Used Car Exchange Week — to the great advantage of the buyer and to the public — with newer 'up-to-date' cars, without initial investment beyond their present car and on terms to suit the average pocketbook. These new cars offer modern equipment and are a good investment in comfort, safety and economy."

This National Used Car Exchange Week gives you a great opportunity to OWN A BETTER CAR for a small investment. Automobile dealers co-operating in this big sale have a fine selection of used cars — and prices are far below those of several months ago.

Many are 1937, '36 and '35 models — backed by the finest of dealer guarantees. All have thousands of miles of first-class unused transportation in them.

And the "first-class" transportation of these modern cars represents satisfaction which the owners of older cars can hardly imagine. Beautiful, modern styling — a more comfortable ride — more room for you and your luggage — finer,

more powerful engines — better gas mileage — better brakes — bigger tires — dozens of improvements introduced since your old car was built.

Now's the time to make the switch, while you have more to trade and less to pay. Your present car may cover the down-payment — balance on easy terms. If you have no car to trade, you can still take advantage of the low down-payments and easy terms during this sale.

ERRATUM

In the advertisement of the Carmel Liquor Store on page three, there is an error in the price of Old Prentice Whiskey, in the first 2000 papers printed. This is a typographical error and should read: "Half Pints — 35 cents, Quarts — \$1.35," instead of the price given.

Great Pocahontas Is Feted by Local Council

Iroquois Council, D. of P., recently celebrated a visit from the Great Pocahontas of the State, Mrs. Olive Harrington. The visitor was conducted in to the hall by an escort of eight local women, Nathel Dietz, Nellie Holliday, Ann Harper, Dolly Fulgham, Betty Sukk, Myrtle Twigg, Gulah Warm and Audrey Hellwig, each of whom carried a bouquet of daffodils.

A large bouquet of daffodils and freesias was presented the guest and her aide, Mrs. Mae Morris, district deputy. Refreshments were served by the committee headed by Mrs. Fulgham.

Mrs. Dorothy Yerabek and son, Gene, of Portland are guests at the home of the former's sister, Mrs. Peter Diebell, 532 Cornell Avenue. The visitors, who plan to remain until June, have been honored at a number of luncheons and have seen many points of interest in the Bay region.
